

# Maricio Harris

(229) 344-6627   [Github Profile](#)   [LinkedIn Profile](#)   [Personal Site](#)   maricioharris@gmail.com

**SKILLS** React, JavaScript, Python, Redux, Express, Node.js, Flask, SQLAlchemy, Sequelize, HTML5, CSS3, SQL, Git

## PROJECTS

**Gameora** | (JavaScript, Node.js, PostgreSQL, Express)

[Live Site](#) | [Github](#)

*An interactive forum for getting answers to questions about popular video games.*

- Used **BCRYPT** in User Authentication to restrict access to certain features based on the users credentials
- Created **RESTful API** routes with Express to help the user seamlessly interact with the features of the site in a dynamic way.
- Established much of the CSS using FlexBox, Grid for the layouts and various other properties to provide a modern look.

**HomeBase** | (React/Redux, Python, Flask, SQLAlchemy)

[Live Site](#) | [Github](#)

*A task management app for families.*

- Utilized **React** to organize the UI to provide a quick,, seamless experience for the user.
- Spearheaded the Messageboard Component giving it the relevant CRUD functionality
- Built an API using **Flask** and **SQLAlchemy** to manage and easily access information in the database.

**CleanFade** | (JS,PY, Flask, FlaskSQLAlchemy, PostgreSQL)

[Live Site](#) | [Github](#)

*This app allows users to search for barber shops in their chosen city and book an appointment for a haircut with a barber.*

- Developed a one page user dashboard using **React** modular components, allowing the user to have access to most of the available features in one location.
- Implemented a scheduler that allows users to book and cancel appointments using **Flask** and **DatePicker**.
- Designed a review feature with full **CRUD** functionality.

## EXPERIENCE

**Sunbelt Ford Lincoln of Albany**

**Albany, Georgia**
